

National Occupational Standards Suggestion Form

The National Occupational Standards (NOS) should represent the industry standard for the applicable occupation. This form is for you to let Skills for Justice have your suggestions for any NOS you think should be revised or developed for our sector. All suggestions will be recorded and put forward for consideration to the relevant Sector Occupational Committee who help to determine, prioritise and steer our work programmes and review of NOS.

Either attach this form to an email and send to info@skillsforjustice.com or print it off and send to Product and Service Development at the address below.
